

New Certificate of Attendance for Computer Classes @ the New Haven Free Public Library

You can now prove you've gone to our Microsoft Office classes.

Once you've attended our five Microsoft office introductory classes you'll receive a Certificate verifying you've been to all 5 our Word, Excel and PowerPoint classes.

Classes begin October in the Main Library Tech Center classroom. Classes are free with morning (Tuesday) and evening (Thursday) sessions offered.

These classes require some computer familiarity. Please register at 203-946-2283.
