

## Are you a parent of a child, age birth to 5?

### DID YOU KNOW

...children are expected to enter kindergarten knowing 20 letters and 10 of their sounds?

...by the age of 3, a baby's brain has reached almost 90% of its adult size?

Digital Literacy for Early Learners, "A Primer for Parents", is a free 4 part workshop series offered to help parents engage in educating their children, age birth to 5, so their children can start kindergarten with the critical skills they'll need to learn and succeed in school.

The workshop series covers

- ✓ child development and what to expect at different stages
- ✓ simple ways to encourage learning
- ✓ how to make the most out of reading time with your child
- ✓ how to find teachable moments in your child's play
- ✓ what to do with your child when you turn off the TV!
- ✓ use of library resources and important early learner websites, with emphasis on Pre-K education

Concepts for Adaptive Learning (CfAL), in collaboration with the New Haven Free Public Library, invites you to attend this 4 workshop series, on September 22<sup>nd</sup>, September 29<sup>th</sup>, October 6<sup>th</sup> and October 27<sup>th</sup>. Each workshop is held once per week, in the "2nd Floor, Young Minds Program Room", at the New Haven Free Public Library, 133 Elm Street, from 5 to 7pm.

Light snacks, childcare for children 3 and older, will be provided, along with a raffle in the 4<sup>th</sup> workshop that includes an Android Tablet as the first prize.
